

## “Tejasco” to receive Angel Investment from Mr. Chandrashekar Kakal, Ex-COO L&T Infotech and Mr. Rajesh Shenoy, Director - Padmashree Group of Institutions.

Tejasco Techsoft, a Bangalore and Singapore based Healthcare Productivity Enhancement and Work Process Digitizing Software Company is being funded by industry veteran Mr. Chandrashekar Kakal, Ex-COO L&T Infotech, Ex- Senior VP & Head-Global Delivery at Infosys and Mr. Rajesh Shenoy who is Director at Padmashree Group of Institutions.

Fund will be used for launching its Healthcare products Medinfo-Tab™ ICMS and e-Arogya Products in the global market.

Medinfo-Tab ICMS (In-patient Care Management System) is a Tablet based solution for

**Multi-Speciality**

Hospitals and is aimed at digitizing the work process of Nurses, Resident Doctors and Consultants. Product which can convert hospitals to SMART Hospitals is being piloted in various hospitals across the country and has been appreciated as very unique.

Medinfo-Tab

e-Arogya™ is also a Tablet based solution developed for digitalizing the work process of ANMs (Auxiliary Nurse Mid-wife) and ASHAs in the Rural Healthcare Management System. This Digital India and Make in India Product has been proposed to Govt. of India for implementation across PAN India.

“Our focus on developing social impact products has started yielding results. We see significant traction from hi-tech hospitals in implementing the solution. We are in discussion with couple of other Independent Investors and also VCs for further investments as we are very keen on developing smart devices like wearable, which can be integrated with our Medinfo-Tab for automating Patient Vitals tracking, proactive wellness and Analytics” - Says Tejasco's CEO Mr. Nanditale Prashanth.
